

15th August 2007

Newsletter No 7 -12

Dear parent,

I am pleased to inform you that on Wednesday 15th August 2007 will be the end of the school term, and 3rd term will commence on Tuesday 18th September 2007. There will be no school transport on that day, and you can pick your child from mid day. I thank you for sponsoring our school tour when we took our children to visit Entebbe International airport and Didi's World. Children had great fun at the air port and most had to ask simple but sensible questions to the Civil Aviation Authority guides who were taking us around.

Curriculum

We feel happy for the general performance of our children this term again. We have managed to meet our targets in all learning areas. I think this is due to our culture of always wanting to set challenging targets in mind that the race to quality has no finishing line; regardless of what one is doing. Reading has greatly improved due to early introduction of phonological awareness from reception class, and guided reading in other classes too. There is a Canadian teacher MR. Ron Casselman who is coming early October to be with us through the term up to the beginning of first term 2008. This is a great opportunity to our professional development and learning of our children. You will definitely meet MR. Ron during our parent's information fellowships and activities next term.

School dues

We have been badly hit and affected by most parents who delayed to make good their fees obligations. A necessary resource for running our school rests entirely on that meager tuition that you pay.

End of term class parties

We have a tradition of celebrating the end of term by throwing class parties. The system is that you are required to Pack an extra plate of snack for your child and also for once children come dressed in their best wears. (No uniforms)

We wish you a nice holiday with your children.

Reception Class

Greetings to you parent. It has come to the end of the term. We are very happy that we finished our Exams successfully, and the performance of your child is encouraging, we are asking for a helping hand while at home. Thank you very much for the effort you have put in.

Middle Class

Dear parent, we are happy to inform you that we have come to the end of the term. We are really glad with the performance of your child. Your child was eager to learn and behave well within the term as a young star. We therefore call upon your effort within the holidays and mostly on the holiday package we have given out. Wish you a good stay with our children and God bless you.

Top Class

Greetings to you. It has come to the end of the term. We thank God for enabling us to pass through this term successfully. The performance in the exams has been generally good. We have also sent our children home with holiday package to keep them busy through out the holiday. We kindly request you to guide them as they are doing the work. We wish you a nice holiday with your child.

Kids Corner By Alazewa Phillip

This term in science we looked at various topics like Respiration and blood circulation, the community health and social problems among the youth, components of the Environment, Immunization, part of pig keeping and Matter and energy. In mathematics we covered Measures, Geometry, part of Integers and part of fractions. In SST we looked at vegetation in Uganda, people of pre- colonial Uganda and foreign influence in Uganda and in English we covered nouns, tenses, conjunctions, passive and active nouns, opposites, adjectives, social events, games, distance and directions and travels. This is all what we have been learning since the term began. Please parents, teachers teach a lot. They deserve a gift.

I remember the day this term on 22nd May 2007.Few days after that day we did beginning of term examinations. They were the first exams in term two. In science we learnt about garden tools. In English we learnt our community and in SST we learnt about our sub-county and important places in our sub-county.

Our beloved parent we greet you in the name of God. We're very happy that all what we're supposed to cover in the whole of this term was done amicably. More so, there is a great improvement in the performance of our children and this is due to your effort that you had t o put in. Please do the same next term for the best of your child. Guide your child in doing the holiday package. God bless you.

P.1

Our beloved parent, we finished our exams successfully and your child managed to pass successfully. For your own information most pupils improved on their performance this term. Pupils enjoyed the examination period where one by the name Nkalubo Ian laughed at those who could ask assistance from the teachers by telling them, "but teacher has been teaching us all this work". I appeal you as your child is enjoying the holiday let your child work on the holiday package we have given other than relaxing. Nice holiday.
