

Dear Parent/Guardian,

Atleast the term has come to an end. A big thank you for all the support you have rendered during the term. A lot has been achieved because of you.

New Curriculum.

You might be aware that the government through National Curriculum Development Centre has introduced a new curriculum called "Thematic Curriculum from P1 - P3 to be followed in all primary schools in the country.

We are so proud to inform you that our school was already using it as a benefit we got from the opportunity of sharing the professional development with our partner school in England. We always find this partnership very useful in our day today learning and evaluations. If you have access to the internet and feel happy too why not send a thank you line to the head of the English school an email at: head@west-ewell.surrey.sch.uk. She will be glad to read your mind on paper.

Mid Morning Break

We thank all parents who trusted our canteen management to take care of their children's mid-morning snack and a drink. Most children have expressed desire to be on the programme like others. In line with this, we want to stress it that this is a pre paid service. You need to pay early because it is that money we use to feed the children.

I thank you again for your total support. Nice holiday with your children.

Sue Class (Top class)

Greeting fom Top Class Teachers.

This week we have been busy doing exams and we are very happy with the performance of our children. We are breaking off for holidays and our children have been given holiday packages and we are kindly requesting parents to help their children at home because our children being young, they have a short memory span.

Reception Class

Greetings from reception class, we are very sorry for some children who have been sick during this week.

This week we have been busy with our tests and we are very happy for our children because the majority managed to do the exams very well. Our thanks go to all of you our parents.

P. 2

We thank the Almighty for enabling us go through this term. We started exams on Tuesday 10th April and we ended on Friday 14th April. We have assessed our children and we are glad to inform you that there is stiff competition in Primary two. This is a challenge to all the children in class and the teachers as well.

We hope that our children will be super stars by the end of the year. May the Lord protect you during the Holidays. Till we meet again... Bye for now.

P.1

Thanks be to God who has enabled us come to the end of this term Successfully. We also thank our parents who contributed a lot to our learning. May God bless you all.

This week has been an examination week. We are glad that most children have tried their level best in exams apart from a few who still have problems in reading and this had affected them in reading to understand questions and to answer them.

We request you parents to continue helping our children practice reading while at home and help them do the holiday work as well.

Thank you

My First Day in Primary Three
By Tumwebaze Clarity.

On my first day at school, I was happy to see my friends Tracy, Naiga and Gopika. I was happy to meet my new Teacher. Her name is Tr. Margaret. In our class, we are having new pupils. On the first day we were using pencils. We learnt English, Math, Social Studies and Science. We went back home in the evening. I went with the school van back home.

It was an interesting day for me, I wish to have it again.

Kids Corner

How I spent My Easter Holiday.

When I went back home, I found when things had changed. I found DSTV and a nice sitting room. I also found a reading room for us to read from. Found our baby drinking when catching her bottle. I did my home work that day and then we visited my sister Resty. On Easter we went to Ridah Hotel and on Monday Daddy took us to Didi's world. When we came back, he took us to Ridah Hotel for swimming. I made friends at Ridah hotel and my sister also made friends. After we went back home and we eat chicken, chips, fried eggs and sausages. On Tuesday, I came back to school since I am in boarding section. We started exams the following day and we finished them on Thursday. On Friday, we are writing these letters for you.

That's the end.
